Credit for much of this information goes to Mary, who started this list years ago, Candace2006 and other members of [FRUA Chat](#), Moderators and Members of [Regional Yahoo groups](#), [EEAC Lists](#), and many helpful Agencies. **This information is believed to be accurate, however, please do independent research before signing with an agency.** One place for research ideas is [here](#). I list all the agencies with Russian programs that I am aware of. Inclusion on this list is not an endorsement.

Agencies frequently change the regions they work in. Region changes is not a bad thing, there are many, very good reasons why an agency may choose to change the regions from which they place children. Agency owners/employees/adoptive parents/adopted people - Please do send corrections and additions via my [contact](#) page.

Gray Font and * indicate the agency/entities placed children from that region in the past (as long ago as 1992), but may not be currently working in that region. I track former regions to enable families worldwide to reunite siblings (and orphanage friends) adopted separately. City names in parenthesis are for reference, but do not mean the agency works/worked in that specific city, just that Region. I use the term "Region" to refer to the 83 [Federal subjects](#) (political subdivisions) that exist in Russia.

Sorted by Region As of 2-Sept-2010

Agency owners/employees/adoptive parents/adopted people - Please do send corrections and additions via [contact page](#).**

Gray Font and * indicate the agency/entity placed from that region in the past (as long ago as 1992), but may not be currently placing children from the region.

*I am tracking former regions because that enables families worldwide to reunite siblings (and orphanage friends) adopted separately.
City names in parenthesis are for reference, but do not mean the agency works/worked in that specific city, just that Region.*
