Credit for much of this information goes to [Mary](#) who started this list years ago, Candace2006 and other members of [FRUA Chat](#), Moderators and Members of [Regional Yahoo groups](#), [EEAC Lists](#), and many helpful Agencies. **This information is believed to be accurate, however, please do independent research before signing with an agency.** One place for research ideas is [here](#).

Agencies frequently change the regions they work in. Region changes is not a bad thing, there are many, very good reasons why an agency may choose to change the regions from which they place children. Agency owners/employees/adoptive parents - Please do send corrections and additions via my [contact](#) page.

Gray Font and * indicate the agency placed children from that region in the past, but may not be currently working in that region. I track former regions to enable families worldwide to reunite siblings (and orphanage friends) adopted separately.

City names in parenthesis are for reference, but do not mean the agency works/worked in that specific city, just that Region. I use the term "Region" to refer to the 83 [Federal subjects](#) (political subdivisions) that exist in Russia.

The Unknowns - Please Help :)

[See This List Sorted by Agency](#) - includes Agency Links

Agency owners/employees/adoptive parents - Please do send corrections and additions.

Gray Font and * indicate the agency placed from that region in the past, but may not be currently placing children from the region.

I am tracking former regions because that enables families worldwide to reunite siblings (and orphanage friends) adopted separately.

City names in parenthesis are for reference, but do not mean the agency works/worked in that specific city, just that Region.
